35 YEARS

A BRIEF REPORT

1912. First location of American Trust and Banking Company—corner of Broad and 8th Streets.

This month marks the 35th anniversary of American Trust and Banking Company. The bank was organized in January 1912 and since then our deposits have grown from \$381,042.11, at the end of the first year, to \$57,395,557.13 at the close of 1946.

Opening in the ground floor of the building shown at the left, we now occupy the entire building from Market to Cherry and, in addition, two conveniently located branch offices: the North Side Branch and the Brainerd Branch.

The recent expansion of the Main office has provided new and enlarged quarters for the Trust Department and the Monthly Payment Loan Department, a bigger vault with more boxes and booths, and additional tellers' windows.

Growth of Deposits

		1936	
		1931	\$10,435,797.93
	1926	\$5,486,793.55	
	1921	\$3,616,429.18	
	1916	\$2,186,702.09	
1912	\$819,905.83		
\$381,042.11			

The next steps will be the completion of our new building for the North Side Branch and a new office in Rossville.

Such expansion indicates growth. But the kind of progress we treasure most is that which is measured in terms of public service.

Our objective has been to provide complete banking services and to do our part in contributing to the development of the community.

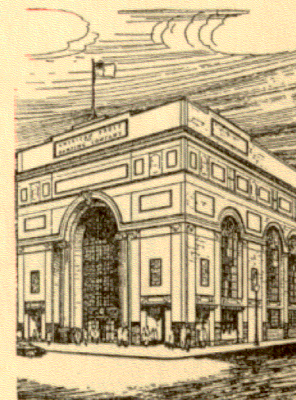

In the future, we hope to continue to justify the confidence that has been placed in our institution. Your confidence alone has built us.
